**IPC Alpine Skiing Points Lists
Season 2009/2010**

Please be informed that the complete IPCAS results have been migrated to a new database and a new system to manage the Points lists is in place.

This has implied a lot of manual interaction with data and we ask you for your co-operation in case you identify any inconsistency.

Some minor problems have already been reported but we strongly recommend you review carefully the lists in order to help us identify any typo or mistake before the season gets into full speed in December. Please address any concerns to ipcalpineskiing@paralympic.org

Please note that as of 1 December 2009, only the athletes holding a valid license for season 2009-2010 will appear on the lists.

Also, note that in February 2010, the points lists will be published on the 1st of the month and on the 22nd according the Vancouver 2010 Paralympic Winter Games Qualification Criteria.

NO LIST WILL BE PUBLISHED ON 1 MARCH 2010.

Precisions on the IPCAS Points Lists Calculation will soon be published under http://www.ipc-alpineskiing.org/Rules_Regulations/

Thank you for your understanding.
